ville led off and she and the visitors chalked each a single, but in the second shake out Ruble started the seams in the ball croaking a drei socker and leading the charge that run four tallies into McCormickville. Those boys of ours may not have their joints as well oiled as they need be but there were flashes of brilliancy in both games which in a continuous performance would push them to the front among college teams with all the ease that a Harvard or Yale eleven would push through the rush line of U. of T. postulants on the gridiron. Our boys most emphatically want to keep down to business, without getting the swell head and if they don't keep every other team shut out in the cold it isn't our fault. The second days score footed up to 11-8. The umpires of the series were M. A. Bartlett and Harry Feagles. Both encounters were warmly applauded by the Baldwin Hall contingent of beauty and brightness that sent a thrill of inspiration to friend and foe alike.
